ZONE VISION

...where content is the key

www.zonevision.com

ZONE BROADCASTING

In the fast changing world of international broadcasting Zone Vision is uniquely positioned to provide quality thematic channels throughout the world.

ZONE CABLE & SATELLITE

For eight years Zone Cable and Satellite has been representing the major cable and satellite channels throughout Central and Eastern Europe including such prestigious channels as Discovery, Hallmark, Eurosport, MTV, Cartoon Network, Animal Planet, Sci - Trek, Travel and Adventure, Civilisations, VH1, CNN and TMC.

ZONE LICENSING

Zone Licensing is one of the largest independent distributors of television programming in Central and Eastern Europe.

ZONE STUDIOS

Zone Studios comprise a network of production and post production facilities in Poland, Russia, Romania, Hungary, Croatia, Bulgaria and shortly in Israel each offering a full range of language localisation services including dubbing, subtitling and voice-overs.

ZONE

As the youngest division of Zone Vision Group, Zon@ was established to utilise the Groups expertise in creation and localisation of internet content with additional focus on content for WAP platform use in GSM telecommunications.

Multichannel NEWS International

2000 European **Program Connections**

The European multichannel programming market continues to evolve, as our seventh-annual network-alliances chart illustrates. Leslie Goff coordinated the research for the chart, which was produced by Paolo Prestinari.
